Academic Grading Procedures

The marking system is numerical, minimum passing grade is 65%. Report Cards are distributed after the close of the four marking periods. Each teacher will have an individual grading procedure for his/her classes. Students will be notified of the procedure during the first week of the school year. Class participation may be used to determine a portion of the grade and is based on participation in classroom discussions, contributions, note taking, preparedness and attendance. Plagiarism on any level may result in a failing grade. It is the student's responsibility to ensure that all exams and quizzes are taken in a timely fashion and that any missed exams and quizzes or labs are made up immediately. Incompletes will be given in extenuating circumstances only. Approval will be made by the building principal.

Code of Conduct

The McGraw District Board of Education ("Board") is committed to providing a safe and orderly learning environment where students may receive and McGraw Central School District personnel may deliver quality educational services without disruption or interference. Responsible behavior by students, teachers, other McGraw Central School District personnel, parents and other visitors is essential to achieving this goal.

McGraw Central School District has a long-standing set of expectations for conduct on school property and at its functions. These expectations are based on the principles of civility, mutual respect, citizenship, character, tolerance, honesty, integrity, and the belief in the educational goals of the organization. The Board recognizes the need to clearly define these expectations for acceptable conduct on McGraw Central School District property, identify the possible consequences of unacceptable behavior, and to ensure that discipline when necessary is administered promptly and fairly. To this end, the Board adopts this Code of Conduct ("code").

Unless otherwise indicated, this code applies to all students, school personnel, parents and visitors when on McGraw Central School District property, when attending a McGraw Central School District function, or (in the case of extracurricular participants), any time or any day.

The following is an abridged version of the McGraw Central School Code of Conduct. If you would like a copy of the policy in its entirety, please contact the Middle/High school main office.

Student Searches and Interrogations

The Board of Education is committed to ensuring an atmosphere on McGraw Central School District property and at McGraw Central School District functions that is safe and orderly. To achieve this kind of environment, any school official authorized to impose a disciplinary penalty on a student may question a student about an alleged violation of law or the district code of conduct.

Before searching a student's belongings, the authorized McGraw Central School District official should attempt to get the student to

admit that he or she possesses physical evidence that they violated the law or the district code or get the student to voluntarily consent to the search. Searches will be limited to the extent necessary to locate the evidence sought.

Students who are questioned by police officials on McGraw Central School District property or at a McGraw Central School District function will be afforded the same rights they have outside the school.

Visitors to the Schools

The Board encourages parents and other district citizens to visit the district's schools and classrooms to observe the work of students, teachers and other staff. Since schools are a place of work and learning, however, certain limits must be set for such visits. The building principal is responsible for all persons in the building and on the grounds. Dignity for All Students Act—Effective July 1, 2012

Intent: The Dignity for All Students Act amends Education Law to put in place procedures for the creation of school environments free of discrimination and harassment. This law is effective July 1, 2012.

Under the Dignity Act, there are currently 11 protected classes, groups, or characteristics. The Dignity Act prohibits any discrimination based on actual or perceived characteristics. Individuals in Public Schools in New York State are protected from discrimination, harassment and persecution on the basis of actual or perceived:

- Race
- Color
- Weight
- National Origin
- Ethnic Group
- Religion
- Religious Practice
- Sex
- Gender
- Sexual Orientation
- Disability

Protection is not limited to the groups or characteristics listed above. For example, individuals are protected if they are harassed because of their socioeconomic status even though “socioeconomic” is not explicitly listed. An individual harassed for their height in either direction or their accent or speech style would be considered protected even though “height” and “accent” are not explicitly listed. The intent of the Dignity Act is to protect ALL individuals in schools.

Definition:

Harassment—The creation of a hostile environment by conduct or by verbal threats, intimidation, or abuse that has or would have the effect of unreasonably and substantially interfering with a student’s educational performance, opportunities or benefits, or mental, emotional or physical well-being. It also includes conduct, verbal threats, intimidation or abuse that reasonably cause or would reasonably be expected to cause a student to fear for his or her physical safety.

Prohibitions: On school property and at school functions, the prohibits: Student harassment by school employees or students on school property or at a school function. This prohibition extends to cyberbullying: verbal or written threats through an internet service such as e-mail, chat room, discussion group, instant messaging, or social networking sites on or off school property. Student Discrimination by school employees or students based on a person's actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, or sex.

Reporting Discrimination or Harassment:

Any person having reasonable cause to suspect that a student has been subjected to discrimination or harassment, who acts reasonably and in good faith in reporting such information or initiates informal or formal proceedings, has immunity from any civil liability that may arise. No school district or employee may take, request or cause retaliatory action against a person who, acting reasonably and in good faith makes a report or initiates informal or formal proceedings.

Requirements Set for School District:

Develop policies intended to create a school environment that is free from discrimination and harassment. Include in the school district's code of conduct an age-appropriate version of the policy, written in plain language. Develop guidelines to be used in school training programs to discourage discrimination or harassment. The guidelines must be designed to: Raise the awareness and sensitivity of school employees to potential discrimination or harassment. Enable employees to prevent and respond to discrimination or harassment. Support the development of nondiscriminatory instructional and counseling methods. At least one member of each school's staff must be trained to handle human relations in the areas in which discrimination and harassment are prohibited.

*Bullying/Discipline rubrics for grades 6-12 are available in the Parent Handbook and the Code of Conduct.

ATHLETIC/EXTRACURRICULAR ACTIVITIES PARTICIPATION CODE

Students are encouraged to participate in Athletic and Extracurricular activities at McGraw Jr.-Sr. High School. In order to participate in these activities, a student must be registered in the district. This Participation Code includes, but is not limited to, all clubs, activities, organizations, and athletics. It applies to all students, grades 6 through 12, and remains in effect for all 12 months of the year.

Students who participate in athletic and extracurricular activities should recognize that they have an obligation to themselves, their co-participants and the school community to strive for excellence.

Five overall expectations must guide student conduct and eligibility:

1. Students will demonstrate respect and concern for the rights and feelings of others.
2. Students will behave in a manner, which reflects favorably on themselves, their family, classmates, school, and community.
3. Students will adhere to the District Code of Conduct.
4. Students will abide by the Athletic and Extracurricular Participation Code (see below)
5. Students must maintain Scholastic Eligibility (see below)

Participants will not:

- Use, possess, or distribute tobacco products, e-cigarettes, vaping devices, alcoholic beverages, illegal substances, or drugs;
- Host or attend events where illegal distribution of alcohol, drugs, or other illegal substances is present;
- Steal or damage school or personal property;
- Exhibit personal misconduct, during or after school hours that could lead to the involvement of law enforcement agencies.
- Enter inappropriate postings to the internet i.e. Facebook, Tik Tok, Instagram, YouTube, SnapChat, Etc. accounts such as reference to drugs, alcohol, illicit and violent behavior, inappropriate pictures, videos, bullying, etc. This also includes the use of texting and/or all other types of social media.

Student's Rights

In order to protect student's rights, the following procedures will be followed where suspension from the team/organization for any period of time has been given.

The student will be notified by the coach/advisor of reasons for the suspension.

Parents will be notified of the suspension.

The student has the right to an informal hearing with the high school principal, athletic director (for athletics), coach or advisor and parent. The student may then present his/her side of the situation.

Disciplinary Action taken by the coach/advisor for minor problems within the team/group will be handled on an as needed basis. Often student behavior can be corrected in this manner before it becomes an issue that would require suspension. Students and parents can always discuss these issues with the coach, advisor, athletic director (for athletics) and principal. These discussions should **not** take place during or directly after a game or event when other students/spectators are around. Students and/or parents should make an appointment with the coach/advisor to discuss any disciplinary issue or problem in private.

Final decisions concerning any suspension/disciplinary action rests with the high school principal, athletic director (for athletics) and coach/advisor.

Participation Code Violations

Participants who violate the Participation Code will be subject to the following in addition to the consequences dictated by the McGraw Central School Code of Conduct:

1. Any use, possession, receiving a court appearance ticket or being in attendance where there is use by minors, on or off school grounds of illegal drugs, alcoholic beverages, vaping devices, or tobacco will result in a suspension* of:

- 1.) First offense--30 calendar days of the school year**
- 2.) Second offense—60 calendar days of the school year**
- 3.) Any further offense—one calendar year from the date

of infraction

*A suspension means to be ineligible to play in a league, non-league, or tournament game and or to participate in a club or organization activity.

****Suspensions will be continuous throughout the school year/sports seasons. Example--An athlete that has been given a 30**

day suspension at the end of one season will continue to fulfill the time period during the next season even if the time period extends into the next school year. The time period in between seasons will not count toward the suspension. The principal and AD will determine beginning and ending dates for each season. Suspension time periods for other extracurricular activities that are not active throughout the school year, will be determined by when the activity is active at the discretion of the principal. All other activity suspensions will be dictated by the number of calendar days of the school year.

First Offense and Second Offenses

- 1.) The student is expected to participate in all practices and /or meetings.
- 2.) During the suspension the student athlete is expected to attend all contests with the team, sit on the bench, but not dress in uniform. In the case of a club or organization the student may be expected to attend all meetings to plan activities, but may not participate in the activity.
- 3.) Upon suspension, parents will be notified in writing outlining the offense and punishments.
- 4.) Student will be encouraged to obtain counseling.
- 5.) During the suspension period the student **will be** eligible to try out or join a new activity, but will not be able to participate (other than during the try-out period) until after the suspension period. Once the suspension is over, the count for the required number of practices/meetings will begin. The student may be required to attend practices or meetings on a watch only basis, prior to the end of suspension in order to be prepared to play/participate after the suspension is over.

Third Offense

- 1.) The student will be dismissed from all athletic/extracurricular events for an entire calendar year.
- 2.) Parents will be notified in writing outlining the offense and punishments.
- 3.) Student will be encouraged to obtain counseling.
- 4.) Student **will not** be able to try out or join a new sport/activity until the suspension period has been completed.

Section III Disciplinary Proceedings—all game/team misconduct disciplinary action will be in accordance with Section III guidelines.

This includes any yellow card, red card, technical, or ejection infractions.

Students who quit a team, club or organization:

If a student chooses to quit a team or organization, it is advised that the student discuss the situation and reasons why, with the coach, advisor, and/or athletic director prior to making a final decision. It is also recommended that the decision not be made during a contest/game, practice, event, or meeting and when the student discusses the situation, it is done in a courteous manner. The coach, advisor, and/or athletic director will discuss the situation privately with the student and/or parent at a convenient time for both parties. A contest/game, event, meeting, or practice should not be interrupted for a student to quit or to discuss any such matter. If a decision has been made to quit a team, club, or organization, the student should:

- 1.) Promptly notify the advisor, coach and/or athletic director to discuss the reasons why they no longer want to participate.
- 2.) Return all equipment and uniforms.

Any student who has not returned all uniforms, equipment and/or organization property will be unable to participate in any extracurricular activity, practice or try out for another team until everything has been returned.

Attendance and Participation

A student must be in attendance for the entire day (8:00-2:46) in order to participate in any extracurricular activity that day. Students must attend all classes including full participation in PE. For weekend activities, a student must be in attendance for the entire school day prior to the activity. This full-day of attendance requirement may be waived by the principal under extenuating circumstances, or in accordance with the following excused dismissals:

Students will be permitted to participate in extracurricular activities if a portion of a day is missed and a note is provided to excuse the absence from a doctor, dentist, orthodontist, family court clerk, etc. A note indicating the student had an appointment from a parent/guardian will not be accepted. Students should be in attendance on time the day following a school night activity.

Scholastic Eligibility Code

Parents/legal guardians and students should be aware of the McGraw Central School District Scholastic Eligibility Code to remain eligible to participate in extracurricular activities and school events.

1. If a student is **failing two or more subjects**, the student will be declared ineligible to participate in extracurricular activities; this includes, all sports (as a player or spectator), clubs and organizations. (School dances, prom, concerts, trips, etc.) An exception to this is if the event is a requirement for a class or course grade.
2. An ineligible student who drops a failed course prior to or after the academic report card (interim report or end of marking period) is issued remains ineligible until the next eligibility list is issued.
3. Students will become eligible/ineligible effective on the day grades are due/verified for report cards/interim reports.
4. To determine fall eligibility, the final course grades in June will be used, **not the fourth quarter average**. Students who retake failed courses in summer school and pass will have their eligibility for the fall re-evaluated.
5. Ineligible students will be permitted to try out, but not practice until they become eligible.

Transportation Release After Extracurricular Events

Students can be released after an extracurricular/athletic event to a parent or designated person. Advisors/Coaches have forms that parents can complete prior to releasing the student to designate appropriate release persons during each sports season and/or extracurricular event.

Attendance

All students are required to attend school according to the adopted school calendar for the district. Under New York State Law, every

individual between the ages of six and sixteen must be in regular attendance in school unless he/she has a legal reason for absence. Individuals must attend school until the end of the school year after the individual's sixteenth birthday. According to this law, the only reasons for excused absence are: illness, religious observance, quarantine, court, sickness, or death in the family, impassable roads, hazardous weather conditions, health treatment, or attendance at a clinic. All other absences, unless authorized by the school, are considered unexcused. By law, neither the parent nor the school may excuse students for such activities as hunting, fishing, helping with chores at home, going shopping, or missing the bus. Immediately upon return to school following an absence, the student must present a note from his or her parents/guardians to the school nurse explaining his or her absence. If a student must be excused from school early for medical appointments or other reasons, the student must bring a note to the school nurse prior to the first class of the day. The student must sign out in the Health Office when they leave for the appointment. If the student returns after the appointment, he/she must sign in with the school nurse. Attendance is important; being on time to an assigned location is equally important. Students who are late for school in the morning or who come in during the course of a day, must report first to the health office for a pass. This pass will admit the student to class. Chronic tardiness and/or absence are disruptive to both teachers and fellow students. Missing class time can also be detrimental to a student's academic success. Students are encouraged to attend school on a daily basis. If a student is absent he/she should make every effort to make up the work that has been missed.

Sexual Harassment Policy

It is policy of the district that all employees and students have a right to work or study in an environment free of discrimination, which encompasses freedom from sexual harassment. The district strongly disapproves of sexual harassment of its employees or students in any form, and states that all employees as well as students at all levels of the district must avoid offensive or inappropriate sexual or sexually harassing behavior at school, on school grounds, at school functions, and on school transportation and will be held responsible for ensuring that such workplace is free from sexual harassment. Specifically, the district prohibits the following:

- Unwelcome sexual advances,

- Requests for sexual favors, whether or not accompanied by promises or threats with regard to the student-teacher, student-student, or employment relationship,
- Other verbal, physical or visual conduct of a sexual nature made to any employee or student that may threaten or insinuate either explicitly or implicitly that any person's submission to or rejection of sexual advances will in any way influence any decision regarding that person's employment, evaluation, wages, advancement, assigned duties, shifts, academic performance, or any other condition of employment, academic or career development,
- Any verbal, physical or visual conduct that has the purpose or effect of substantially interfering with a person's ability to perform the individual's duties,
- Any verbal, physical or visual conduct that has the purpose or effect of creating an intimidating, hostile or offensive working or academic environment.

Such conduct may result in disciplinary action up to and including dismissal or suspension upon instruction.

Other sexually harassing conduct in the workplace, whether physical, verbal or visual, committed by supervisors or non-supervisory personnel or students is also prohibited. This behavior includes but is not limited to, commentary about an individual's body, sexually degrading words to describe an individual, offensive comments, off-color language or jokes, innuendoes, and sexually suggestive objects, books, magazines, photographs, cartoons or pictures. Employees or students who have complaints of sexual harassment by anyone in the school environment, including any supervisors, co-employees, students or visitors are urged to report such conduct to the compliance officer so that the district may investigate and resolve the problem. If the complaint involves the compliance officer, or if the person for any reason is uncomfortable in dealing with the compliance officer, the employee or student may go to the superintendent or a person appointed by the superintendent to handle the complaint.

The district will endeavor to investigate all complaints as expeditiously and as professionally as possible. Where investigations confirm the allegations, appropriate corrective action will be taken.

The district will endeavor to maintain the information provided to it in the complaint and investigation process as confidentially as possible, consistent with the laws of the State and, if applicable, the collective negotiations agreement.

There will be no retaliation against employees or students for reporting sexual harassment or assisting the district in the investigation of a complaint. However, if after investigating any complaint of harassment or unlawful discrimination, the district learns that the complaint is not in good faith or that an employee or student has provided false information regarding the complaint, disciplinary action may be taken against the individual who provided the false information.

Announcements, Signs and Posters

The announcements for the day are made over the public address system. If you wish to have an announcement made regarding school activities, you must fill out the appropriate announcement form and leave it with a secretary in the main office to be reviewed.

Special signs may be posted in the library, guidance office or on hall bulletin boards, not on any painted surfaces. All notices or posters must be approved by the Principal.

Vehicles

All students wishing to park in the school parking lot must complete a permission form. Forms are available in the Main Office. Seniors and Juniors are the only students who are eligible for parking places. Seniors will be given priority. Parking places will be assigned on a first come, first served basis for Junior students after Senior spaces have been assigned. Students parking privileges may be suspended at any time for not adhering to the student driving rules and/or regulations, attendance policies and as a reprimand for misconduct in or on school property. The speed limit within the school limit is 15 mph. Students arriving at or after 8:00 AM are expected to park their vehicles and immediately enter the building. Students will not be allowed to go to their vehicles during the school day. At the end of the school day, all student drivers are to exit after the buses have departed at the end of the day.

At the discretion of administration, students may be required to participate in a safety training course in order to have the privilege of parking on school grounds.

McGraw Central School Transportation Policy

J. Types of Student Transportation to be provided:

1. Regular Transportation takes public, private, parochial and disabled students to and from their respective schools or vocational training sites.
2. Field Trips for public school students, which are of an instructional nature, organized and supervised by a member or members of the instructional staff, which are conducted during the normal school day, evenings, or holidays.
3. Extracurricular transportation of non-instructional nature for events, which are conducted after normal school hours, during weekends, and holidays.
4. Mandatory special transportation to accommodate certain children with disabilities according to their individualized education plans.
5. Transportation will be provided for students who walk to school when the outside temperature is 15 degrees or colder. There are three designated pick-up/drop-off points: the parking lot on South Street next to the old fire station; the corner of North Street and Church Street; and the parking lot near 14 Spring Street.

II. Eligibility:

1. The McGraw Central School District will provide transportation to and from school to students residing outside the village limits. In addition, children who reside within the village limits may be eligible for transportation to and from childcare under the provisions of section III.5. All public school students within the district are eligible for transportation for educational activities.
2. Transportation for students attending parochial or private schools may be provided up to 15 miles from each student's home to the private or parochial school. If the district is already transporting other students to the parochial school, it may require at its discretion, that students living more than 15 miles from the school to get themselves to a centralized pick-up point, in order to receive transportation. The distance from the pick-up point to the parochial or non-public school may not exceed 15 miles.
3. In order to be assured eligibility for transportation to a private or parochial school, parents/guardians must submit a written transportation request no later than April 1 of the prior school year, unless the family moves into the district after April 1, in which case the request must be made within 30 days of establishing residency.

The filing of a late request may result in the denial of transportation. Criteria to be used by the district when determining whether to accept a late request may include the following:

4. Whether transportation will require an additional cost, and if so, the reasonableness of the excuse for the late request.
5. Transportation will not be provided at times or on days when McGraw Central Schools are not in session. The addition of an unreasonable schedule by a private school does not obligate the district to approve special transportation.
6. Transportation of classified special education students will be provided in accordance with individualized education plans. Except 12-month summer transportation, services will not be provided to students attending programs outside of the district when McGraw Schools are not in session, unless required by law. Transportation will be provided to students who need district approved summer programs in order to reach required educational standards.

III. Establishment of Schedules and Routes:

1. The district will transport resident children in Pre-Kindergarten (age 4) through eighth grade to a childcare provider under the following conditions:
 2. The childcare location must be outside of the McGraw Village limits and along an existing bus route within the district. The childcare must therefore be in the zones in which transportation is already provided.
 3. The parent or legal guardian must request the consideration in writing to the building principal for approval according to the standards set forth by this policy. Written requests for childcare route changes can be submitted on a daily basis. Route change requests may not be faxed, telephoned or sent via e-mail.
 4. If the childcare location were on a route other than that which the child would use to go home, the alternate route must have an available seat on the bus to accommodate the student.
 5. If the childcare stop is not a regularly scheduled stop, the child may be required to walk to or from a centralized pick-up point.
 6. Transportation of students shall be on assigned routes at assigned times. Transportation requests for purposes other than those identified in this policy will be denied. Examples of unapproved transportation include, but are not limited to, service, which takes students to meetings, parties, and after school employment.

IV. Student Conduct

1. Students are expected to be waiting at the bus stop. Student passengers must stand back 15 feet from the road as the bus approaches. Students must wait for the driver's signal before crossing the road.
2. Seatbelts shall be maintained for students to use on a voluntary basis in buses for 16 passengers or more. For smaller buses of 15 passengers or less, seatbelts must be worn at all times.
3. All students are expected to adhere to the Board of Education approved policy on student conduct and discipline. Procedures for bus safety and student behavior will be reviewed annually by the building principals and the head bus driver prior to publication in the student handbook.
4. Children who become a disciplinary problem on the school bus may have their riding privileges suspended by the building principal.

V. Student Transportation in Private Vehicles:

The transportation of students by district employees in private vehicles is prohibited.

Bus Safety Drills

There will be at least three Bus Safety Drills held during the school year in order to provide instruction regarding conduct on a school bus and procedures to be followed if it is necessary to evacuate a bus during an emergency. All students, including those who regularly walk or drive to school, are expected to participate.

Bus Safety-Student Conduct Daily Trips

The conduct of each student while riding on the school buses to and from school is extremely important to the physical safety of everyone on the bus.

1. When dismissed for the day, each student is to leave the building and go directly to the assigned bus. The student is to board the bus and take an assigned seat.
2. Once each student is in the assigned seat, the student is to remain in the seat and not leave it until the bus stop has been reached. The student should not move around the bus. Bus drivers have the right and will assign students to seats if necessary.
3. No food shall be eaten on the bus.
4. Students should not extend any portion of their body out of the window.

5. Nothing shall be thrown within the bus, or in or out of the windows.
6. Students will not change seats while the bus is in motion.
7. Students shall enter or leave the bus only when the door is fully opened.
8. Students shall avoid pushing when entering or leaving the bus.
9. Students shall keep their feet out of the aisle.
10. Students shall keep their hands off the person and property of others.
11. Students shall keep their books, lunch box, etc. out of the aisle.
12. Students shall avoid loud, boisterous talk and other noises which are distracting to the driver.
13. There should be no swearing, use of inappropriate language, etc., by any student under any condition.
14. Students should never tamper with emergency exits.
15. Students shall not smoke, vape, or light matches or other materials on the bus.
16. Students shall consistently observe all rules and respond promptly to the driver's instructions.

Cell Phone Use While on School Transportation

Please review policy in the Code of Conduct on pages 10 and 11.

The Code of Conduct as well as the above rules apply to all students. Failure to abide by these rules will be viewed as insubordination. While riding on a school bus, the bus driver has the direct responsibility for maintaining order. Therefore, he/she is in charge and each student is required to obey the directions of the bus driver.

Bus Safety-Student Conduct-Field Trips

On all extra-curricular/co-curricular field trips, all of the above rules shall apply with the exception of eating which shall be at the discretion of the advisor/coach and driver; proper clean-up of the bus by its occupants is expected.

Cafeteria/Drinks

Eating in the cafeteria is a privilege extended to all students. Lunch will be served every day unless you are notified to the contrary. Should you choose to purchase your lunch at school, you are expected to pay for it at the end of the service line. Charging is not allowed. Extenuating circumstances need to be approved by the administration. Free and Reduced lunch programs are often available

for students, please contact the school for more information. For those of you who wish to bring your lunch from home, milk, ice cream and other a la carte items will be available. Please make special note, if you bring your lunch, only individual bag lunches are allowed. Buffet style lunches brought from home or lunches “ordered out” are not allowed in the cafeteria. Students may carry a water bottle during the school day, or keep one in their locker as long as it does not become a distraction, or interrupt learning. As a reminder, food and drink are prohibited in certain areas of the building, i.e. library, science labs, etc. You may not purchase a lunch elsewhere for consumption in the cafeteria due to its impact on the school lunch program.

All students are expected to enter the cafeteria using the North East doorway and form a line along the North wall to the serving line. You will be served on a first come, first served basis.

While you are eating, you are expected to observe those table manners appropriate at your home or at a restaurant. Please be aware that you may not move any cafeteria furniture without the permission of a cafeteria supervisor.

After you have eaten, you are expected to promptly clear your table and the floor around you (should anything have fallen) and return your tray, placing paper, silverware, plates and trays in the appropriate areas. No food and/or beverage is permitted out of the cafeteria (except in the case of detention or senior privilege).

Failure to follow school and cafeteria rules, damage to equipment, refusing to clean up your area or taking food from the cafeteria will result in disciplinary action.

Conferences for Parents

Parents are encouraged to make appointments for conferences with teachers, counselors or the Principal by telephoning the Main Office (836-3600) or the Guidance Office (836-3610).

Homework Request Due To Absence

When a student is absent due to illness, a parent may request homework for the time missed. This request is to be made prior to 10:00 am. Homework will be available for pick-up in the Guidance Office no later than 3:30 pm.

Extra Help

You may always seek extra help from your teachers if you do not understand an assignment, if the work is difficult, or if you have been absent and have missed assignments and class discussions. Arrange a conference with your teacher before or after school or at a time convenient to both of you during the day.

A teacher will sometimes request a student stay after school if it is apparent that the student is having difficulty with class work. This is not to be thought of as a punishment, but rather as the desire of the teacher to help you make the progress you need.

Fire Alarm System

You are advised to be very careful in those areas of the school in which there are fire alarm boxes. Please be aware that, if you set off a false fire alarm, you may be charged with a Class A Misdemeanor, Second Degree; and if found guilty, you may be sentenced to from 15 days to one year in jail and/or a \$1000.00 fine. In addition, the District reserves the right to impose its own discipline.

Fire Drills

For your own safety, it is important to familiarize yourself with fire drill instructions. These are posted in every classroom area. Fire drills are required by law. You should exit in an orderly and quick fashion when the alarm sounds without talking. Everyone should exit the building and move to approximately one hundred yards from the building. Under no conditions should roadways and/or doors be blocked.

Guidance Office

The Guidance Office is open throughout the school day in order to give students assistance in making the most of their school opportunities. Our guidance counselors are ready to answer questions on schedules, school and college entrance requirements,

occupational trends, job opportunities, and to assist with any other problems that you might wish to discuss.

Health Services

Students becoming ill during the day should report to the nurse. If there is a necessity to go home, the nurse will inform the parent of this, and the pupil will be released from school. If the procedure is not followed and the pupil leaves without properly checking out, the pupil will be given a discipline notice for leaving school without permission. Parents of students who are directed by their doctor to take any medicine during the school day are asked to personally contact the School Nurse.

No student is allowed to keep medications in his/her locker or on his/her person. All medications must be kept in the nurse's office, unless otherwise directed by the student's doctor, the school doctor, or the school nurse. If the student has exercise-induced asthma, the student is responsible to chemically medicate themselves, then parents may contact the school nurse or doctor for the necessary written order of "self-carry". All other medications (including inhalers) will be administered in the nurse's office.

If your child has a severe bee allergy, you must send to school a bee sting kit (i.e. Epi-pen), along with a doctor's order to safeguard your child from a potentially life-threatening situation occurring.

All medications (including inhalers) require a written doctor's order and a signed parental consent before the nurse can administer medications to their child. All medications must be contained in properly labeled containers from the pharmacy.

All psychotropic medications (i.e. Ritalin,/Adderall) must be brought in by parents and picked up by parents at the end of the school year. Any medications left at the end of the school year will be disposed.

At the end of each school year, medication authorization forms will be available if your son or daughter has a chronic condition that needs to be chemically managed at school. You may then use the time during summer vacation to have your child rechecked by your doctor and obtain (as needed) new written orders for the next school year.

Any questions or concerns can be handled through the nurse's office at 836-3606.

Lockers

Lockers are provided for the temporary storage of books and outer clothing. They are the property of the school. Each student is responsible for their locker and its contents. Locker assignments are mailed with the student schedule prior to the beginning of the school year. Each student should memorize the locker number and combination just as soon as it is issued. The combination should not be given to anyone else. A secretary in the Main Office will be glad to help if you forget your combination. The locker should always be locked. If for any reason the locker does not work properly, the difficulty should be reported to the Main Office immediately. Personal locks brought from home may not be used on any school locker. Special lockers may be issued in the gymnasium dressing rooms for gym clothes. The above rules apply to these as well. The school reserves the right to inspect lockers and the contents at any time.

It is the student's responsibility to empty the contents of his/her locker on or before the final day of classes of the school year. Contents left after this time will be disposed.

Money, Musical Instruments, Personal Property

Students who bring money, jewelry, musical instruments and other personal property to school are totally responsible for the security of their property. The school district will not accept any responsibility for the loss or damage of these items.

Electronics

Cell phones, I-Pods, MP3 and CD Players, video games, or items of similar nature are allowed with limited use during the school day and on school transportation. It is recommended that these items be left at home. ***(An exception to this: Students will be allowed to listen to music during study halls and/or lunch periods and on school transportation as long as earphones are used and the volume is at a level that does not disturb others.) (See cell phone/electronics exceptions to policy and disciplinary action on pages 7-8 and transportation pages 10-11.)*** The school district will not accept any responsibility for the loss and damage of these items.

Pass Privileges

1. Students should use the lavatories during the passing time between classes, during study halls, or during the lunch period. In the case of an emergency, a pass may be requested to the Health Office.
2. Students should carefully plan their trips to their lockers in order to be prepared for each class.
3. Students are expected to walk through the halls and to observe all safety rules and regulations.
4. If a teacher asks you to remain after class and you believe this delay will cause you to be late to your next class, you should ask that teacher for a pass to your next class.
5. Passes will not be issued by office personnel for students who are late in going from one class to another.

Passes

Student passes will be found in the student agenda. Students placed on academic probation will have pass restrictions.

Passes:

- Student agendas have a sufficient allotment of passes for the year.
- These passes are to be used to go to the lavatory, locker, the nurse, or main office. Pre-signed passes can be used to go to the guidance office, library, or to see another teacher.
- Teachers have the right to deny the use of these passes if they feel it is not appropriate for the student to leave class.
- If a student loses his/her book, he/she will lose pass privileges until the student handbook is found, or a replacement purchased.
- Replacements are limited at a cost of \$5.00. All efforts should be made to know the whereabouts of your student handbook/passbook at all times.
- These passes should not be abused. Abuse will result in loss of passes (pass restriction).
- The Planner Handbook with passes is to remain intact for the school year. Passes will not be honored if detached from the Planner. Students are responsible for their planners. If your planner is clearly labeled (with your name) it can be easily returned if it is accidentally left behind.

Physical Education

Physical education is a mandatory part of the State curriculum for public schools. As such, each student is required to participate in the school's physical education program unless excused by school authorities or due to a documented medical condition.

Physical education grades will be determined by class preparedness, participation, skills assessment and written tests. Physical education grades will be included in a student's grade point average.

Due to the nature of the program, particular dress requirements are a necessary integral part of the requirements due to the various kinds of activities and because of the health aspect of the program. Individual lockers may be issued to place personal belongings in.

Every individual is responsible for his/her own personal property. When you leave things around in a haphazard manner, do not lock your locker, or you share your combination with others, you jeopardize security for your property.

Study Hall Period

A study hall period is to be used for academic purposes. Homework, reading, visiting teachers for extra help, guidance office matters and library visits are appropriate.

Guidelines:

- All students must first report to study hall. Once attendance is taken, pre-signed and other passes will be issued.
- It is expected that you will bring all necessary books and study material to study hall. Study hall is for completing assignments; it is not to be considered a socializing period.
- A study hall is considered to be a class in regard to expected attendance and behavior.
- No talking during study hall periods to promote a quiet learning environment. However, special permission may be given, at the discretion of the study hall teacher, for students to work on a group activity.
- One male and one female at a time may be allowed to leave study hall to go to the lavatories. Have your passbook signed by the study hall teacher. The time on the passbook should be limited to five minutes.
- During study halls held in the cafeteria, students are NOT allowed to use the vending machines.

- Any student not having a passbook will not be permitted to leave study hall. Inappropriate behavior will be dealt with through the discipline code.
- Students listed on the current 5 week failure list will be restricted to study hall—only pre-signed passes to work with a teacher will be granted.

Textbooks

All textbooks are the property of the Board of Education and are loaned to students for use throughout the year. A record of the number and the condition of the book, which is issued at the beginning of the year, is maintained by the school. A student will be expected to pay the cost of replacement of a lost or damaged book issued to the student. If this loss or damage occurs during the year, it should be reported immediately to the teacher from whom the book was received. The teacher will notify the student of the charges and arrange for the issuing of a new book. A receipt stating the title, book number, and amount paid will be issued to the student and a copy should be retained by the teacher in case the lost book is later found.

In some courses it may be advantageous for a student to purchase review books or other materials. In all such cases, a letter will be sent to parents outlining the need, the cost, and a request for purchase which can be signed by the student and parent indicating their agreement to purchase and pay for the item.

Telephones

*Business phones in the offices are used for school business by staff only and are not to be used for personal calls. **Emergency calls may be made by students at the Health Office or Main Office only with permission of school personnel.***

Working Papers/Work Release

Students who wish to work part-time or during vacations should pay careful attention to the legal requirements for doing so.

With very few exceptions, an Employment Certificate is required for anyone to work before they reach the age of eighteen. To obtain an Employment Certificate, you must secure an application, which must be signed by your parent. Before the actual certificate is issued, you must have a medical examination (within the past year), and present

proof of age. Applications and employment Certificates are issued in the High School Guidance Office. If you have any questions concerning this matter, please come in and speak to the guidance secretary.

Work release is available to senior students under special circumstances, who are on track to graduate and their schedule allows for the time away from school. Applications are available in the guidance office.

Notice of Non-Discrimination Policy

It is the policy of the McGraw Central School District to provide equal opportunity for all students in educational programs and activities; and to prohibit discrimination on the basis of race, color, sex, religion, national origin, age, handicap or marital status.

Internet User/Acceptable Use Policy

All McGraw Central School District Internet users are required to sign an Internet User Form and to abide by the terms and conditions of *Policy #7315: Student Acceptable Use Policy*. The Board of Education does not authorize any use of the Internet that is not conducted strictly in compliance with these policies.

The District may not always be able to limit access to services through its Internet connection to just those locations authorized for the purpose of instruction, study and research. By participating in the use of the Internet, users may gain access to information and communications that they may find inappropriate, offensive or controversial. All users assume this risk by agreeing to participate in the use of the Internet. The District will do its best to supervise and monitor Internet usage; however all users are expected to be responsible and comply with the McGraw Central School District's *Policy #7315: Student Acceptable Use Policy*.

Users who disregard the District's *Policy #7315: Student Acceptable Use Policy* may have their user privileges suspended or revoked. Users granted accesses to the Internet through the McGraw Central School District assume personal responsibility and liability, both civil and criminal, for uses of the Internet not authorized by District policy.

Detention-After School

A student and parent/guardian will receive notification or a one-day prior notice of the student's assignment to after school detention. The parent will receive a telephone call and/or a written discipline notice indicating the infraction and detention.

After school detention will begin immediately after school. Students who arrive late will serve that detention and be assigned to another detention for their tardiness. Students are encouraged to bring work with them to do during the detention period since they will not be permitted to talk, move about the room, or be excused from the detention room. A student who is disruptive or does not attend a scheduled detention will be considered insubordinate. The school considers after school detention time, academic time. School related work is to be tended to during this time.

High Honor and Honor Rolls

Each marking period students earning high grades are honored by being included on either the High Honor or Honor Roll. To qualify for this honor, a student's term grades are averaged. To be placed on High Honor Roll, a student's term average must be at least 89.5% and to be placed on Honor Roll, a student's term average must be at least 84.5%. In addition, the student's report card must not show any grades below 65% or any mark of 'Incomplete'. Students must also be carrying a minimum of 6 classes including physical education. The High Honor and Honor Rolls will be highlighted at school as well as reported in the local newspaper.

National Honor Societies

Membership in the National Honor Societies is an honor and a responsibility. Students selected for membership are expected to continue to demonstrate the qualities of scholarship service, leadership, character and citizenship, which led to their selection. Selection for the National Honor Society is open to Sophomores, Juniors and Seniors, while 8th graders and Freshmen may be selected for membership in the National Junior Honor Society. To be eligible, a student must have a cumulative weighted average of 90% or above for Junior Honor Society (since 8th grade classes are not weighted, they must have a cumulative 8th grade class average of 90% or above) and a cumulative weighted average of 92% or above to be considered by the faculty council for the National Honor Society, and have attended the McGraw Junior-Senior High for at least one semester. A faculty council, appointed by the administrator/designee, makes the selection based on information provided by the students and input from the whole faculty. The advisors will be glad to answer

questions or discuss the selection procedures with any interested students or parents.

Senior Privilege

Senior privileges including the senior lunch dismissal privilege will be reviewed each year.

Field Trip Regulations

In order to provide for the development of educationally appropriate field trips, the following rules have been established to assist teachers, students, parents and others involved.

1. All requests for field trips of over 50 miles one-way or of overnight duration shall be submitted for approval to the Building Administrator, Superintendent of Schools and Board of Education. All other field trip requests shall be submitted for approval to the Building Administrator and Superintendent of Schools and may be approved at their discretion.
2. All requests must be presented for approval at least six weeks in advance of the proposed trip date and tentative approvals received before the trips may be discussed with students. Trips should not be used as rewards or bait to involve more students in an activity.
3. All field trip requests are to be on the proper forms. Each trip, other than the Senior Class Trip, shall be related to a curriculum area, the educational value of the trip stated as well as the itinerary, all cost estimates and financial support available. When possible, trips requested which are of substantial cost to the student may be requested by more than one organization by combining their interests in the itinerary and using student profit sharing to help defray expenses. Trips should be limited in cost to what is financially practical and justifiable and students may not be offered varying itineraries, meals or lodging accommodations based on cost. If, as a result of these considerations, it may take several years for an

organization(s) to raise enough money to finance a trip, then that is what should be done.

4. The Senior Class Trip must be approved by the Board of Education at their December meeting.
5. A minimum of one chaperone for every 25 students must be maintained on all one-day trips. A minimum of one chaperone for every 10 students shall be maintained on each multiple day and/or overnight trip. Efforts should be made to include parents as chaperones. Parents will provide their own transportation, since school district transportation is for students and staff. All chaperones must be approved by the administration.
6. All rules found in the School Conduct and Discipline Policy and Regulations are in effect during a trip. Therefore, there will be no use of alcoholic beverages or drugs by either students or chaperones during the entire trip. Luggage may be inspected before and during any trip at the discretion of the advisor or chaperone in charge. Parents may be asked to sign a form verifying contents of luggage. Students are not permitted to smoke/vape during these trips.
7. The advisor or chaperone in charge shall be the final authority on any matter which arises, emergency or other, for example, the establishment of curfew.
8. Students who violate any rule found in this regulation will be subject to school authority and legal authority if appropriate. While on a trip of over 50 miles one way or overnight, parents will be called to inform them of their child's violation, and, if necessary, to require parent supervision of the child's return home should the trip be in progress.
9. Parents will be informed of the trip's purpose, itinerary, costs, and so on through the use of a parent permission slip which they must sign and which the advisor must file with the building administrator at least two weeks in advance of departure.
10. Since a field trip is an enriching experience, a non-participation on the part of a student will not lower the student's achievement level.
11. Any student while on suspension from school may not participate on a field trip.
12. The advisor is required to prepare a Trip Report prior to departure. This report must include all pertinent information, i.e., itinerary, key telephone numbers, parent permission slips, etc. This report must be delivered 2 days in advance of leaving.
13. The advisor is required to prepare a post-trip report, which will indicate the acceptability of the itinerary as educationally appropriate, and costs were equal to benefit. Any student behavior

problems will also be cited for appropriate follow-up in relation to School Conduct and Discipline Policy Regulations.

14. A student's trip may be cancelled due to circumstances deemed reasonable by the administration. If the administrative staff believes that a student's attendance on a field trip will be a detriment to the student, other student's or put unnecessary stress/responsibility on the chaperones, the student will not be allowed to attend. Any monies expended will likely be forfeited. A refund will be attempted, but pre-payments are often non-refundable and therefore a refund is not guaranteed.
